

HW Network Meeting

June 10, 2021

National Center for Electronics Recycling

Who Are We?

- Non-profit 501c3, est. 2005, in Vienna, WV
- Involved in Federal, State & Association Projects
- Conduct Research, Run Collection Programs
- Partner with NERC on Electronics Recycling Coordination Clearinghouse (ERCC)
- Manage Oregon State Contractor Program, Vermont State Standard Plan, administer ERRO Illinois Manufacturer Clearinghouse
- Our Mission: Dedicated to the development and enhancement of a national infrastructure for the recycling of used electronics in the U.S.

“State Standard Plan”

Background: ANR has contracted with **NCER** for the implementation of the State Standard Plan (“SSP”), or the **VT E-Cycles Program**, since PY4 (2014). Currently in PY10 in 2021.

NCER partners with another non-profit based in Vermont - **Northeast Recycling Council (NERC)** to implement the SSP.

State Standard Plan Team

- Jason Linnell, Executive Director, NCER
 - Contracting, recycler issues, working with ANR project manager
- Heather Smith, Senior Manager, NCER
 - Web maintenance and materials
- Robert Ward, Data Analyst, NCER
 - Invoicing, payments, data management, reports
- Lynn Rubinstein, Executive Director, NERC
 - Recycler auditing, waste sorts, working with ANR
- Robert Kropp, Office Manager, NERC
 - Collector shipment requests and issues

Email Jason Linnell at
jlinnell@electronicsrecycling.org
If you'd like a copy of this list of
contacts.

Transporters/Recyclers We Use

- Good Point Recycling (GPR or American Retroworks, Inc)
 - Facility for sorting and consolidating VT E-Cycles Material in Middlebury, recycling in Brockton, MA
- URT (Universal Recycling Technologies)
 - Facility for receiving and recycling VT E-Cycles Materials in Dover, NH, some in Janesville, WI
- ERI (formerly Electronic Recyclers International)
 - Facility for receiving VT E-Cycles Material in Holliston, MA and recycling in Plainfield, IN

All have various policies for costs of non-covered devices, please check with them.

SSP can re-assign recycler based on request or feedback from the collector or other reasons

How To Request A Pickup

3 Methods:

- When at 75% capacity ideally
- Online at www.electronicrecycling.org/vermont (preferred)
- Email vt-escrap@nerc.org or robert@nerc.org
- Call 802-254-3636 and leave a voicemail if no answer

You will receive an email with BOL link after SSP team has approved the request. Wait or you can contact the recycler to schedule pickup.

Contact NCER if no response or if pickup date missed

Reporting and Payment Schedule

- Shipment reports sent by NCER after recycler invoices, contact us if discrepancies
- NCER invoices ANR by or before the 15th of each month for all of the prior month shipments
- ANR pays *exactly* 30 days later
 - January 1st-30th shipments invoiced on February 15th, paid on March 15th
 - NCER writes checks or issues e-payments within a few days of ANR payment

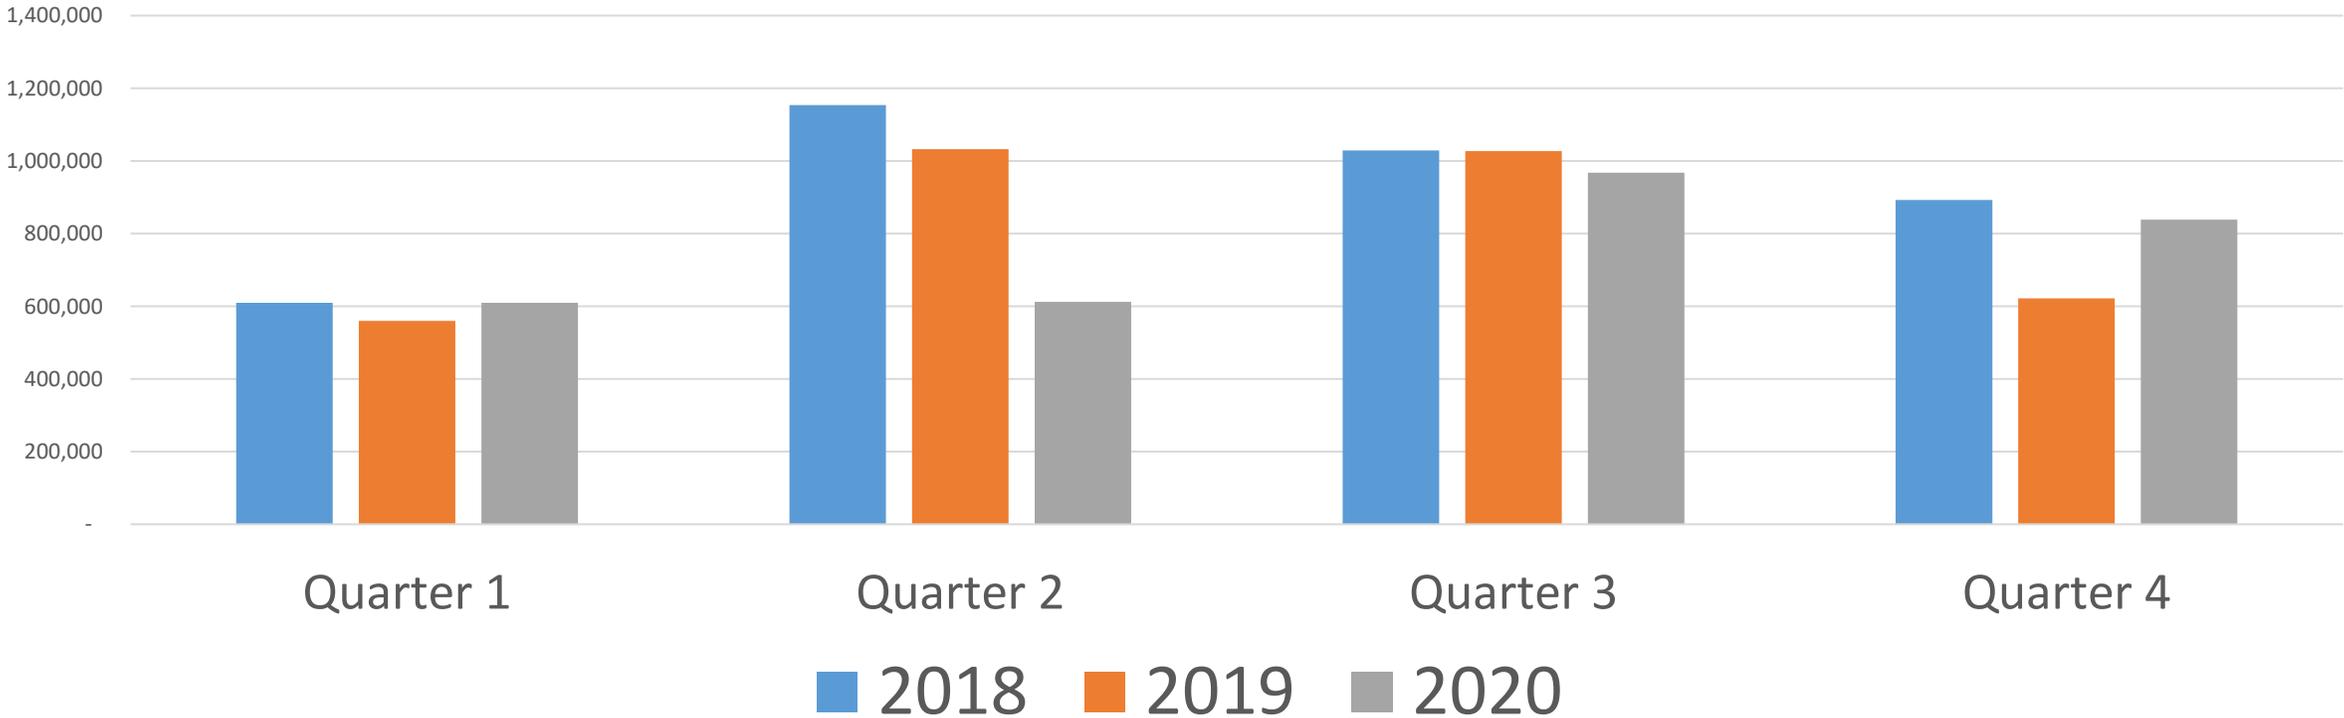

E-Cycles Contacts

- Pickup requests, BOL issues – Robert Kropp or Lynn Rubinstein at NERC, robert@nerc.org or lynn@nerc.org, 802-254-3636
- Website/login issues: Robert Ward, robert@electronicsrecycling.org, 681-229-3032 or Jason Linnell at NCER, jlinnell@electronicsrecycling.org, 304-374-8144
- Contracting/payment issues/ recycler pickup or pallet/Gaylord issues: Jason Linnell at NCER
- Collector and Event registration/Retrac reporting/Training: Karen Knaebel, Karen.Knaebel@vermont.gov, (802) 522-5736 or Becky Webber, rebecca.webber@vermont.gov, 802-522-3658

Latest Data

VT E-Cycles Covered LBs by Quarter

Total Covered LBs 2017: 4,312,381 2018: 3,685,745 2019: 3,460,051
2020: 3,029,096

Vermont E-Cycles Training Materials and Resources

The Vermont State Standard Plan (SSP) team - the National Center for Electronics Recycling (NCER) and Northeast Recycling Council (NERC) - hope all of you are doing well and staying safe in the final weeks of 2020. We are reaching out to make sure all VT E-Cycles collectors are aware of several helpful training and other resource documents and videos that are available. These resources are intended to help keep you and your staff up to date on procedures to follow to continue participating in the program and ensure the safe and effective collection of electronics from Vermonters. The documents and videos are available on the Vermont ANR E-Cycles web page and our SSP websites:

- [ANR E-Cycle Page](#)
- [State Standard Plan Collector Resources Page](#)

On the administrative side, ANR has recently released several videos on registration:

- [Who Must Register in Vermont](#): this video covers which entities - collection events, transporters and recyclers - must register with ANR.
- [Video Walk-Through on Updating Your Registration](#): Registration Program must be updated (by law) every 5 years. ANR encourages locations that have already re-registered for the 2021 registration updates as necessary and for all other locations that have not yet registered to do so no later than the beginning of PY 2021.
- [Registering a Collection Event Video Walk-Through](#)
